PRESS RELEASE

Carpet film for advertising on fairs and at the point of sale

ASLAN, a worldwide operating innovator in self-adhesive films, announces the launch of a new digital printing film for special applications.

ASLAN widens its successful portfolio of vinyls for applications in different areas and on various surfaces. A self-adhesive carpet film has been added to the range of special films for facades, asphalt or interior walls.

ASLAN DFP 49 has been specifically developed to be used in combination with the laminate ASLAN MP 326 for short-term application on carpets indoors. A good adhesion on carpets is combined with easy removability after short-term usage. The vinyls are thus perfectly suited for application at fairs or at the point of sale.

ASLAN DFP 49 can be digitally printed with all major solvent, eco-/mild-solvent, latex and UV-curable inks.

For detailed product information please contact ASLAN directly or visit www.ASLAN-schwarz.com
